AIR FORCE SCHOOL BAMRAULI ANNUAL SPLIT UP OF SYLLABUS FOR 2024-25 CLASS – 12 BIOLOGY

S.No.	Month	Name of chapters	No. of period	Activities/Experiments
1.	April	1. Sexual reproduction in flowering	15	Study of pollen
		plants		germination on
		2. Human reproduction	9= 24	activity slide
2.	May	3. Reproductive health	5	
		4. Principles of inheritance and variation	4 = 9	Class test
3.	June	4. Principles of inheritance and	8	Study of prepared
		variation (contd.)		Pedigree charts
4.	July	5.Molecular basis of inheritance	12	Isolate DNA from
		6. Evolution	7	Available plant material
		7. Human health and diseases	6 =25	such as spinach
5.	Aug	8. Human health and diseases	5	Common disease
		(contd.)		-causing Organisms
		9. Microbes in human welfare	8	like Ascaris, Entamoeba,
		10. Biotechnology: principles and	12 = 25	Plasmodium, any fungus
		processes		causing
				ringworm through
				permanent slides,
6.	Sep	11. Biotechnology and its application	8	
7.	Oct	12. Organisms and populations	6	Study of plant
		13. Ecosystem	6	Population density,
		14. Biodiversity and conservation	4 = 16	Frequency by
				Quadrate method.
8.	Nov	15. Biodiversity and conservation	4	
		(contd.)
